Rain or Shine!

Minnesota D.A.R.E., Inc.

Minnesota D.A.R.E. is in the process of statewide expansion. We are being called to be a conduit that brings law enforcement and communities together; for the safety of our children. In the process of providing prevention education, a relationship of trust is being developed. Children learn from the officers and officers learn from the children and the communities in which they serve.

Minnesota D.A.R.E. reaches over 65,000 students in the state of Minnesota annually. We hope to be able to continue to expand back into the areas that no longer have D.A.R.E. programming. We need your help to make this happen!

It is our goal for 2019 to assist in improving relationships between law enforcement and our communities by making sure the DARE program is available and affordable to all; especially the schools with high diversity. We need to bring communities and law enforcement back together for the safety of our children and families.

Thank you so much for supporting Minnesota D.A.R.E. and the children we serve.
